FOREWORD

In the light of 1961 Census a revised Tribal Map of India showing the districtwise distribution of the Scheduled tribes was a long felt need. This Survey, therefore, undertook the preparation of a Tribal Map of India in which the distribution could be seen at the district level. But due to the limited space in the map it was not possible to show the full distributional pattern. Therefore, tribes upto a certain number of concentration are chosen for depiction. It was found necessary to bring out this annexure as a supplement to the Tribal Map of India which will give a detailed information about the distribution of the Scheduled Tribes with their numerical strength in the districts of the States, Union Territories and other areas.

The data presented in the annexure are based on 1961 Census. But at the time of compilation published reports for some of the States, Union Territories and other areas were not available. Information was therefore collected from their respective governments for inclusion in the map. This Survey, therefore, acknowledges their cooperation. Acknowledgements are due to Shri B. C. Gohain, Anthropologist for the compilation of the data and the supervision of the map work. Thanks are also due to Sarvashri P. Lal, Human Ecologist, S. Bose, S. Datta, Cartographers and B. Mukherjee, Senior Technical Assistant for their continuous assistance in this venture. Thanks are also due to Shri R. C. Dey, *ex*-Head Artist for the preparation of the map.
